*Today, we are going to take a video tour of a real ancient Mayan city. The Mayans lived in a place called Central America and Mexico.*

Print out or display a map showing Central America and Mexico. Discuss where this is in relation to where you live and what countries can be found there.

*The Maya people lived long ago. Have you ever seen something that was really old, like a castle or a pyramid? Have you ever been to a place where people used to live? There are a lot of things from the past that we can learn from.*

Encourage students to share their experiences seeing old objects or visiting historic sites. Some students could even share videos they have seen about places they want to visit online or in class.
