Reading, Writing, & Inquiry

Match each objective here with the game that best fits it.

U.S. drone

Russian jets recently took down an American drone over the Black Sea. Do you think the United States should be involved in conflicts in other countries? Do you think we have a responsibility to help countries that are at war? Write a few paragraphs explaining your answer.

Pritzker Prize

The Pritzker Prize is one of the most important awards in architecture. Do you have any interest in designing buildings? Take some time to create the design for a building of your choice. It could be a house, a museum, a school, or any other type of building. Draw a diagram to show what it would look like and write a few paragraphs to explain your choices.

Harriet Tubman statue

Harriet Tubman was an amazing woman who helped many people during a challenging time in American history. While we covered certain aspects of her life, there's much more to learn. Do some research about Tubman and write a few paragraphs about what you found most interesting about her life. Why do you think she was so dedicated to the work she did? What kind of person do you think she was?

Arachnids

Black and brown widow spiders are both arachnids. Do some research on these eight-legged creatures and choose one you like the best. Then, draw a picture or diagram of your arachnid and write a few paragraphs explaining what makes it unique.
